

July 2026 – Prestwood.

9 of us were on the walk. A hot walk but quite a bit of shade.

Walked 5.8 miles (2.25 hours) in an anticlockwise direction from the Pole Cat Inn, through Longwood Wood. Emerged onto a lane and started to cross a field where a herd of bullocks was grazing just at our exit point! So double backed and walked round by the lane. Rejoined the path criss crossing fields and lanes to arrive back at the Pole Cat Inn for lunch.

A hot walk but made bearable with quite a bit of shade.
